

The DEMA logo is located in the top left corner, featuring the word "DEMA" in white, bold, sans-serif capital letters inside a blue rectangular box with a white border.A person wearing orange gloves and a purple apron is cleaning a white sink. The background is a blurred blue and white pattern.

HOUSEKEEPING SOLUTIONS: MULTI PRODUCT DISPENSING

Fusion Pro: Fast Chemical Dispensing

Fusion Pro is the next generation housekeeping chemical dispensing system, and the evolutionary step in DEMA's innovative housekeeping technology platform, Fusion single product chemical dispenser. Fusion Pro's modern and clean design makes it ideal for a variety of applications and installations. It uses DEMA's pilot activated water valve, a unique design built to operate like a traditional valve but with minimal service requirements.

Configurations available for any application, and any requirement.

Features & Benefits

- Two-tone grey colors compliment any custom branding
- Large areas for custom branding on dispensers
- Quick connect manifold and water inlet fitting, along with a built-in bubble level simplifies and reduces installation time
- Utilizes DEMA's simple service pilot water valve
- Designed for reduced service with fast access to components
- Large, EZ-grip selector knob for product selection
- Color coded activation buttons available for customized units

The Fusion Pro logo is located in the bottom right corner, featuring the words "FUSION" and "PRO" in white, bold, sans-serif capital letters. A white water drop icon is positioned below the word "PRO".

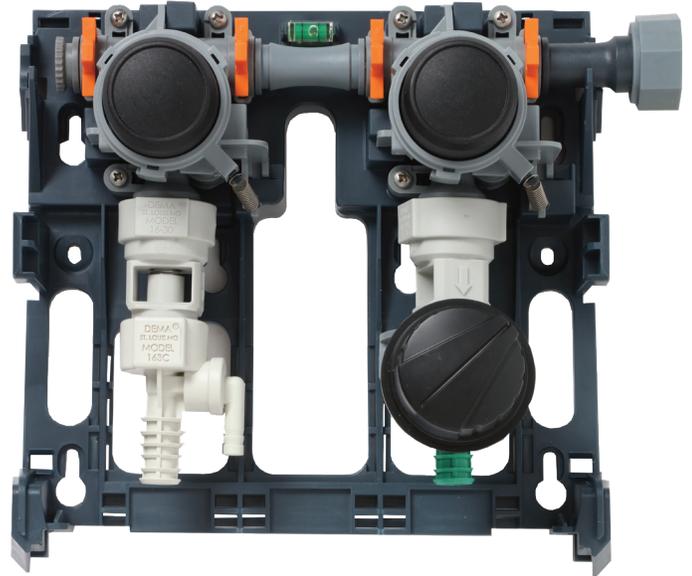

FUSION PRO

The Pilot Water Valve

The pilot-activated water valve simplifies service. With fewer components than competitive models, service and maintenance is easier and faster, making it the reliable water valve of choice.

Available in multiple configurations

- ◆ Low, Medium, and High Flow
- ◆ Action Gap or Air Gap
- ◆ Selector or No Selector
